==========

Re - Defects in the execution of drainage works at Nanjangud

With reference to your Memo No 3569 dated 25-9-47, forwarding a copy of letter No 3155/47-48 dated 25-8-47 from the Secretary to Government, Revenue Department, Bangalore, to the Deputy Commissioner, Mysore District, on the above subject, I have the honour to state that a detailed report on this subject has already been submitted in this office No 1289 dated 7-5-47 Regarding the further progress secured, I enclose herewith, a copy of my Assistant Engineers report for favour of perusal

The work is in good progress and the total outlay uptodate is about Rs 68,000/- There has however, been a discontinuity of work inthe construction of drains for want of rapid acquisition of private land and property A detailed acquisition statement has been sent to the Land Acquisition Officer, Nanjangud and he is again reminded to expedite the acquisition proceedings, without which the work cannot be proceeded with

The other points raised in the Secretary's letter are -

1) Defective work noticed in respect of the drainage
2) Conduct of the official who was supervising the work

1 I have inspected the drainage work at Nanjangud and find that the work that has been executed under the IV stage works is quite upto the standard and according to specifications The President and some of the Municipal Councillors who were with me ha no complaint re the quality of work It was however, observed that some of the drains constructed about 1 years back under the I and II stages had developed cracks On careful examination, it was found that these cracks were not due to the defects of construction but caused by the roots of some of the big trees by the side of the drains These petty repairs have to be done under maintenance every year by the Municipality and the President has accordinglybeen requested to provide some amount in the yearly budget for carrying outthe maintenance of the drains

2 The subordinate in charge of the work has already been transferred from that place and another man is posted in his place

P . O

place to supervise t e work The Secretary to Government, Revenue Department may kindly be apprised of the facts of the case
